THE OPPORTUNITY

In order to address the growing population and needs of the community, the Community Foundation of Broward has undertaken the most ambitious growth campaign in its history- BE BOLD: A Campaign for Leadership. A \$500 million call for leadership is among the largest active campaigns for a community foundation in the nation. When fully seeded, it will triple the size of the Foundation. It is designed to empower citizens to take a leadership role in shaping our community today and for generations to come. BE BOLD Leadership is igniting innovation and expanding community action. More than a fundraising campaign it showcases how the Foundation does its work.

The incoming President & CEO will inherit a strong organization with a 35-year solid track record of leadership and will work in partnership with the Board of Directors and staff to chart a bold course forward, building on the success and momentum of the Foundation and the campaign. They will have the opportunity to work collaboratively with the community, the leadership and a highly professional team to develop the strategic vision and direction. This will include the development of new individual, institutional, and corporate partnerships to drive success.

The Be BOLD campaign accomplishes three things:

1. **Empower Philanthropists** - They are entrepreneurs, innovators, dreamers and doers – and they are busy people. By creating a Fund at the Foundation, they secure a seasoned partner who is a knowledge center immersed in community building work 24/7. This enables their philanthropy to be transformative.

2. **Grow Broward's Philanthropic Muscle** – By increasing sustainable local philanthropy through endowed Funds, our community will have the resources to create and shape our community's future.
3. **Get results** – The campaign elevates critical discussions around issues that matter in Broward. In doing so, it bubbles up strategies and philanthropy to move the needle on these large-scale issues.

About Strategic Philanthropy:

Strategic Philanthropy, Inc. a south Florida based company, was founded on the belief that effective corporate giving can be so much more than simply writing a check to charities and nonprofits who ask for your help or involvement. It is our belief that when a company aligns its charitable giving with a strategic approach and measurable outcomes, the power of giving enhances a company's brand, image and strengthens the relationships and partnerships within the community.

In short, Strategic Philanthropy gets hired by companies to give away their money to nonprofits that meet a company's business goals and objectives. As you can imagine, we have many relationships with the nonprofits in our community. We value all of the programs and services they have to offer and work with them to help promote positions that are available within their organization so that they may find the best talent possible.
