

How can we create more Acceptance and Inclusion?

All organizations (LGBT and mainstream) are invited to learn how the Community Foundation of Broward has evolved its goals and grantmaking strategy in support of our LGBT neighbors.

A new focus on acceptance and inclusion will create a more unified community. Join us for an interactive discussion of the key issues and to learn more about the RFP.

To successfully unite our diverse community, we must increase availability and access to programs, services, and social environments for the LGBT community. This must take place within organizations that specifically support LGBT residents, as well as institutions that traditionally cater to Broward's entire population.

About Strategic Philanthropy:

Strategic Philanthropy, Inc. a south Florida based company, was founded on the belief that effective corporate giving can be so much more than simply writing a check to charities and nonprofits who ask for your help or involvement. It is our belief that when a company aligns its charitable giving with a strategic approach and measurable outcomes, the power of giving enhances a company's brand, image and strengthens the relationships and partnerships within the community.

In short, Strategic Philanthropy gets hired by companies to give away their money to nonprofits that meet a company's business goals and objectives. As you can imagine, we have many relationships with the nonprofits in our community. We value all of the programs and services they have to offer and work with them to help promote opportunities that are available to them.
